linkedin.com/in/sathwikputtala — github.com/psathwik-AIML

Professional Summary

Aspiring Front-End Developer skilled in HTML, CSS, JavaScript, and React.js. Experience in building responsive web apps with clean UI and cross-browser compatibility. Proficient with Git/GitHub and deployment. Passionate about continuous learning and solving coding challenges.

Education

B.Tech in Computer Science and Engineering , Vel Tech R&D Institute of Science and Technology 2021–2025
CGPA: 7.69/10

Intermediate, Narayana Junior College, Telangana 2019 – 2021
CGPA: 9.4/10

Technical Skills

Frontend: HTML, CSS, JavaScript (ES6+), React.js

Tools: Git, GitHub, GitHub Pages, VS Code

Concepts: Responsive Design, Flexbox & Grid, DOM Manipulation, Event Handling, Problem Solving

Projects

YouTube Clone (React.js, YouTube Data API) – Live Demo

- Replicated YouTube core features with video playback using YouTube Data API.
- Designed a responsive user interface with React components and managed state for a seamless user experience.
- Practiced API integration and component-based architecture for scalable front-end development.

Portfolio Website (HTML, CSS, JavaScript) – Live Demo

- Built a responsive personal portfolio to showcase resume and projects.
- Developed on-line with GitHub Pages to ensure cross-device accessibility.
- Implemented a clean user interface and smooth navigation for a professional presentation.

Expense Tracker (HTML, CSS, JavaScript) – Live Demo

- Built a responsive web application to track daily expenses with add/delete functionality.
- Implemented data persistence using JavaScript Local Storage.
- Designed a clean and user-friendly interface to visualize spending effectively.

Certifications

- Privacy and Security in Online Social Media – NPTEL

Achievements

- Solved **300+ coding problems** on platforms such as LeetCode, GeeksforGeeks and HackerRank, strengthening data structures, algorithms and problem solving skills.
- Gained strong hands-on experience with core CS concepts such as OOP, DSA, and DBMS through coding challenges and projects.
- Live projects and personal portfolio were published on GitHub Pages for professional visibility.
